A good place to be

Annual Report

2016

Empowered, healthy communities

THE GREATEST GIFT YOU
CAN GIVE SOMEONE
IS YOUR
TIME.
BECAUSE WHEN YOU
GIVE YOUR TIME,
YOU ARE GIVING A
PORTION OF YOUR LIFE
THAT YOU WILL NEVER
GET BACK.

Our Mission

Albion Neighbourhood Services works in partnership with the community to enhance peoples' lives through the delivery of programs, services and supports that are engaging, accessible and responsive.

Message

fr

2016 has been a time of change for Albion Neighbourhood Services (ANS). Over the past year ANS has been engaged in a collective bargaining process with a portion of our staff and reached a Collective Agreement in March, 2017. During the negotiation period there was a freeze on policy changes and ANS has now commenced with its ongoing review of our policies.

Our Executive Director, Lisa Kostakis and several staff did a great job of supporting ANS during this period. Valuable services were provided to children and youth in our community through the Albion Boys and Girls Club, and much need Housing service has been demonstrated within Etobicoke and the Junction, as well as valued community services through our Access Division. ANS continues to act as a trustee for smaller organizations enabling these organizations to provide needed service in our community. ANS also stepped forward to assume responsibility for some of the youth programs that were formally provided by Micro Skills. We thank the staff of ANS for their hard work and commitment to our clients.

ANS has been fortunate over the years to have the backing of a variety of funders and greatly appreciates the support that continues to be received. The Executive Director and ANS staff are much appreciated for their preparation of the grants to Governments, Foundations, and United Way. The financial and in-kind support given to ANS by other donors is also truly valued. Without this ongoing support, ANS could not exist.

In April, ANS held a very successful 2nd Annual GALA. The Chief of Police, as our Keynote Speaker, was well received and the Mayor of Toronto also spoke very highly of ANS. A big thank you to the Promotions and Outreach Committee for their work in producing this event. Our board was strengthened with the appointment of Erin Godard as a Board member in 2016. Erin is on the Finance Committee and is taking the lead on the update of our Strategic Plan, her participation is greatly appreciated.

As President and Chair, I want to thank our volunteer Board members for their dedication and commitment to ANS. Their work is essential and valued. The Board also appreciates all the individuals, organizations, corporations and community partners at the Hub and beyond that work with Albion Neighbourhood Services to make a difference in the community. We look forward to a productive and rewarding year ahead.

Message from the EXECUTIVE DIRECTOR

*"If you want to touch the past, touch a rock.
If you want to touch the present, touch a flower.
If you want to touch the future, touch a life."*

Lisa Kostakis, BSW, RSW
Executive Director

During the year of 2016, Albion Neighbourhood Services celebrated 45 years of program and service delivery in one of the most vibrant and diverse communities in the City of Toronto. We continued to experience various transitions of changes, challenges, but with that also came, growth and a continued level of resiliency and capacity.

As a multi-service agency we continue to thrive by providing a variety of programs and services through our **Housing** department - assistance in attaining immediate, stable and safe living conditions, decreasing homelessness and supporting people with compassion; through our **Boys & Girls Club** department - providing a safe and fun place where children and youth can experience new opportunities, overcome barriers, build positive relationships, develop confidence and skills for life, while also fulfilling their wishes and dreams; and through our **Access** department - advocating, supporting and assisting individuals and families of all ages and stages in their lives to live with independence, dignity, financial stability, well-being and better resourced, resulting in the capacity to live a higher standard of quality of life.

We continue to serve thousands of individuals and families of all ages from a wide range of diverse cultural backgrounds. We greatly appreciate and commend the support of our various community partners, funders, sponsors, volunteers and community members.

Non-profit organizations are being challenged to direct their search and attainment of recruiting staff, Board members and volunteers who are equipped to confront a host of current and emerging challenges. The future dictates a strong sense of urgency with respect to attaining and sustaining a high level of skilled individuals the sector needs and deserves. The non-profit sector's ability to provide programs and services has come under ever-increasing pressure with changes in public policy, significant client demographic shifts, funding restrictions and growing competition with other non-profit providers. Although the sector has responded creatively in many instances, the increasingly complex environment is straining the skills and abilities of non-profit staff, Board members and volunteers to meet such demands. To meet the challenges, today's non-profits, need to demonstrate a wide range of "character." They also need to have a wide repertoire of knowledge, skills, and experiences, and know when to apply their array of skills, as the situation dictates. They must assure that the daily delivery of programs and services run smoothly without displacing the relationship-based approach or losing sight of the vision and mission of the organization. Our staff, Board of Directors and volunteers at Albion Neighbourhood Services, exemplify those qualities and characteristics.

My heartfelt thank you goes to the Management team, our dedicated, skilled and compassionate staff, our volunteers, as well as, our tireless Board of Directors. A big thank you is also warranted to their families who share them with us. It is with great appreciation and pride that I continue to professionally and personally grow alongside such giving individuals.

Message from the MANAGER of PROGRAMS & SERVICES: Sonya Aslan

Over the last year, I spearheaded a collaborative intended to address youth unemployment in the Rexdale community. As the lead agency, Albion Neighbourhood Services (ANS), worked in partnership with the following community organizations: Arts Etobicoke, Rexdale Community Health Centre, Toronto Public Library – Albion branch, Toronto Sports Council, City of Toronto – Parks, Forestry and Recreation, YMCA, Toronto District School Board, Focus on Youth, and Toronto Pearson International Airport’s Community Investment Program.

Youth unemployment in Rexdale is significantly higher than the city average. According to 2011 census data, the youth unemployment rate is 16.6% in Toronto and 22.4% in Rexdale. Research suggests that the lack of employment opportunities negatively impacts the current and future capacity of individual youth to be self-sufficient, contributing members to the community.

In efforts to address the challenges associated with the youth unemployment rates in Rexdale, the Rexdale Collaborative for Youth Employment was formed in 2016. Utilizing a Collective Impact approach, the Collaborative’s long term impact goal is to enhance youth employment opportunities in Rexdale and beyond, so that by 2025 the youth unemployment rate in Rexdale will be equal to, or below, the City of Toronto’s youth unemployment rate. This Collaborative's approach is to engage youth in interest area(s) including sport, physical activity and arts and to provide linkages and pathways to employment opportunities in the community. It is believed that through this approach, the youth will acquire transferable skills, confidence, networks, mentors and first employment opportunities.

By taking a collective impact approach, we believe that the multiple organizations engaged in this initiative will begin to look at addressing youth unemployment through a lens of collaboration, with the desired outcome to collectively facilitate a pathway for Rexdale youth to acquire the competencies and skills needed to find meaningful and sustained employment.

Investing in Neighbourhoods (IIN)

The IIN program is a Toronto Employment and Social Services (TESS) initiative whereby TESS offers the opportunity for non-profit organizations to create positions for Ontario Works participants. Over the last couple of years, I have maintained the IIN portfolio within ANS. In partnership with TESS, I have helped secure positions within our programs and services. In addition to enhancing service delivery, these positions help promote skill building through hands-on experience and supervision, as well as internal and external training opportunities. Upon completion of a position, our participants will have gained transferrable skill sets, experience and references that will help improve their future employability.

ANS Shine on Gala

In 2016, the Executive Director, alongside Board of Directors, hosted a “Shine on Gala”, intended to celebrate the positive stories coming out of Rexdale. The fundraising event took place on April 8th, 2016, with all proceeds supporting ANS programs/services. As a member of the promotions and outreach committee, my role included providing logistical support in preparation for and during the Gala. I look forward to celebrating with our community residents, partners, funders and staff in the years ahead.

BOYS AND GIRLS CLUB

In Memory of

JAUQUAN HURD

JUNE 5 2006 – SEPTEMBER 15 2016

At 10 years old Jaquan touched so many lives around him, he was an amazing, positive young soul who really knew how to make everyone's day brighter. A smart, loving, kind individual who was always smiling, laughing and telling jokes, being the life of the after-school program. Jaquan enjoyed playing sports like basketball and soccer, and games like dominoes and cards. Very family oriented as he would always look out for his sisters, cousins, and his mom.

Rest in Peace Jaquan

ALBION BOYS AND GIRLS CLUB

PROGRAM MANAGERS: Khudaija Sheikh and Beverly Poyser

Albion Boys and Girls Club
A good place to be

The Albion Boys and Girls Club continues to advance its mission to provide a safe and supportive place where children and youth can experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life. BGC offers programs and services for children and youth ages 6-24 to reach their full potential and well-being in a safe and nurturing environment. In 2016, BGC continued to offer and expanded various social, recreational, educational and creative programs and activities such as - breakfast clubs; after school clubs; city-wide inter Boys and Girls Clubs special events; literacy; creative arts and dance; sports league; leadership training; summer employment, scholarship access, community development; violence prevention and much more.

In 2016, Albion Boys and Girls Club took their Boys Basketball Program to a new level. The boys' basketball team competed not only in the BGCT League, but in top leagues and tournament in Ontario and across the United States. With the Can-Amara Athletics partnership in 2015/2016, the team attended tournaments in Ottawa, Atlanta, Dallas, Detroit and Grand Rapids (Michigan), Niagara Falls, Las Vegas and various tournaments in the GTA. As a result of eliminating barriers for the youth, exposure to these opportunities, continued programming, dedication and hard work, 3 youth made it to the list of Basketball PREP Schools in US and Canada.

1. Suhkhot Kalsi: 2 year member of BGC got accepted at Toronto Basketball Academy at John Polanyi.
2. Dalano Banton: 2 year member of BGC received a 56K per year scholarship to the MacDuffie School (a specialty basketball PREP School) in Granby, Massachusetts to complete his high school studies.
3. Michael Okafor: 3 year BGCC member received a 60K scholarship to Wasatch Academy (a specialty basketball PREP School) in Salt Lake City, Utah to complete his high school studies.

Albion Boys and Girls Club has a positive life changing impact on many children and youth. All the programs nurture confidence in youth, provide opportunities to develop and practice leadership skills, participate in civil society and empower them to support and influence the community.

3200 Children and 600 youth benefited from Boys and Girls Clubs programs
65,000 Nutritious snacks and 30,000 Breakfast and meals were served
750 Children and youth accessed recreational programs through Jump Start program
330 Children enjoyed the fun filled summer camp
545 Children and youth received Christmas gifts
85 Youth were part time employed
5 Youth received TN Scholarship for post-secondary education
9 children and youth received Navacup Award –New Laptops
8 youth received post-secondary scholarship
3 Youth were selected in Canadian and American Basketball PREP Schools
267 Volunteers provided services

ACCESS/

“The Albion Access location serviced and/or advocated on behalf of approximately 8680 clients”

COMMUNITY SERVICES

Albion Access continues to provide services to our community as the demand and volume of clients increases with every year.

Despite challenges faced by staff, we continue to enable our clients to better integrate into Canadian Society by providing intervention with the intention of reducing, preventing and eliminating poverty, Immigration Settlement, Advocacy with Service Canada, Human Resource Development Canada, Revenue Canada Agency, Income tax Services, Commissioner for taking Oaths, Voice Mail Services, Information and Referral Services, etc. We also offer Translation and Interpretation services, offered in more than 19 different languages and many other services to meet the needs of our diverse community members.

The income tax clinic continues to thrive in volume and quality. Simultaneously, our staff, volunteers and student placements were able to complete approximately 2507 tax returns. Irrespective of our challenges, this fiscal period was a great success. I would like to take this opportunity to extend my appreciation and gratitude to Mr. Donald Champ for his dedication to our Tax Clinic.

With great honour, the Albion Access location serviced and/or advocated on behalf of approximately 8680 clients. We supported our clients with income assistance, information/referral, translation/interpretation, among other services.

I would also like to acknowledge the Access staff, partnering agencies, volunteers and placement students for their hard work and dedication to our clients. As a staff member and community member of 20 years, I am proud to be a part of such a dynamic team.

Maria Pereyra
Access Manager/Commissioner of Oath

HOUSING

In 2016, the Housing Program staff worked with low income clients facing a historically low housing vacancy rate (1.3%); high and rising rents (up 3.1%); and surging electricity costs. More and more of the clients seeking service in 2016 were dealing with complex associated issues such as mental health, addiction, physical health, and domestic violence issues.

Despite these challenges, Housing Program staff scored many important successes. Street Outreach staff housed a significantly increased number of homeless clients in self-contained units by accessing the TTHAP rental subsidy program. Housing Help and Rent Bank staff helped large numbers of clients to access a new energy payment credit program, while also assisting many clients in need of immediate help with energy or rental arrears.

Follow up staff provided support and community connections for previously homeless clients, with the intention of stabilizing their tenancies and also made effective use of TTHAP subsidies to rehouse clients when necessary. The Trusteeship Worker helped clients experiencing money management issues, providing budgeting assistance, intensive supports, and connections to community resources. Specialized Housing Help staff worked intensively with housing help clients experiencing complex issues. A new Tenant Relocation Worker successfully rehoused a group of rooming house tenants in apartments, making extensive use of TTHAP subsidies.

The outstanding work done by Housing staff in 2016 has brought great credit to the agency. It has also had a vitally important impact on the lives of low income people living through exceptionally difficult times in Ontario.

JOHN BAGNALL
Housing Manager

New This Year!

This year, Amadeusz formally expanded the programs they offer to include the previously offered *The Look at My Life Project* and the newly established *Project Quiet Storm*. Since 2010, ANS has provided mentorship and guidance as Amadeusz continues to grow and document successes.

Program Description

Amadeusz operates to related programs: The Look at My Life Project and Project Quiet Storm. Both programs are committed to assisting incarcerated young people - through education, it is our aim to promote and support positive change in their lives and communities.

The Look at My Life Project provides educational opportunities for young people who are detained in custody awaiting a further court appearance (i.e., bail hearing, trial).

Project Quiet Storm is a coalition of youth and caring adults who have all been directly or indirectly impacted by incarceration, community violence and crime. This coalition works on ensuring young people held in detention centres have equal and sustainable access to education.

PQS is working to produce a strategy that outlines activities to fulfill each recommendation. Through political advocacy, strategic planning and executing tactics, PQS will be able to drive change needed to protect and fulfill the right to access education on the inside.

AMADEUSZ

Highlights Achieved this Year

- Centennial College created a post-secondary bursary program for participants to enroll in post-secondary courses
 - 51 young people completed 55 post-secondary courses
- Presented at the National Child and Youth Care Conference in Halifax, NS. *Look at My Life: Education Program for Incarcerated Young People.*
- Funded by Humber College, Amadeusz conducted research to examine the risk and protective factors and the resiliency of young people's accused of gun charges
- New partnerships established this year have collectively increased our ability to create equitable access to education for all: Nikki Knows, Literal Change, Thomson River University, Humber College

Participant Success Stories

- One participant who passed 4/5 sections of the GED exam said that she couldn't believe the results and was impressed with herself. She said that these results also impressed the parole board and she will be out on parole soon. TLMLP is currently connecting her with a GED centre in St. Catherine's to complete her high school education on the outside.
- One successful participant obtained his GED previously with TLMLP. Recently, he got in touch with project staff and said he is doing well and has secured employment. He said the GED played a big role in his successes after incarceration.

AUDITOR'S

INDEPENDENT AUDITOR'S REPORT

To the Members,
Albion Neighbourhood Services

We have audited the accompanying financial statements of Albion Neighbourhood Services, which comprise the statement of financial position as at December 31, 2016, and the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with many not-for-profit organizations, the organization derives revenue from donations and fundraising, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, verification of this revenue was limited to the amounts recorded in the records of the organization, and we were not able to determine whether any adjustments might be necessary to donation and fundraising revenue, excess of revenue over expenses for the year, assets and net assets.

Qualified Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Albion Neighbourhood Services as at December 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.
